## Concept collection

La struttura cromata è l'elemento caratterizzante di questa serie di poltrone. Lo spirito è poi anche quello di combinare il metallo a vista con forme minimali, geometriche e moderne. Inoltre con le tre diverse versioni di imbottitura il cliente avrà ampie possibilità di scelta per poter soddisfare appieno le proprie esigenze.

The chromed frame is the peculiarity of this range of products. The idea is to combine the metal with minimal, geometric and modern shapes. With three different options of upholstery, the client will surely be able to satisfy his needs and tastes.

La structure chromée est l'élément qui caractérise cette série de fauteuils. L'esprit est de combiner le métal à vue avec des formes minimales, géométriques et modernes. En outre, avec les trois différentes versions de rembourrage, le client aura d'amples possibilités de choix afin de satisfaire complètement ses propres exigences.

A modern office chair with a white mesh back and silver frame is positioned in a bright, industrial-style room. The room features large, multi-paned windows with dark frames, through which sunlight streams in, casting shadows on the light-colored tiled floor. To the left, two white shirts are hanging on a rack. The wall is a plain, light color with a red baseboard. The overall atmosphere is clean, minimalist, and professional.
